OVARIAN CANCER AWARENESS MONTH

Ovarian cancer is one of the most deadliest forms of cancer. Each year, approximately 21,980 women will be diagnosed with ovarian cancer. In 2014, approximately 14,270 women died in the United States from this disease. The World Health Organization IARC department estimates that there are over 238,000 new cases diagnosed annually and nearly 152,000 deaths worldwide.

Unfortunately, many women don't seek help until the disease has begun to spread, but if detected at its earliest stage, the five year survival rate is more than 93%. The symptoms of ovarian cancer are often subtle and easily confused with other ailments.

5. Heat 21/2 inches of oil in a deep sauce pan on medium heat.

6. Cook empanadas in batches, turning untill lightly browned on both sides.

7. Drain on paper towels and enjoy!

NATIONAL HISPANIC HERITAGE MONTH

Each year during the month of September, Americans observe National Hispanic Heritage Month. This observation was originally recognized as National Hispanic Heritage week in 1968. On August 17, 1988, by the approval of public law National Hispanic Heritage Month was officially recognized. The anniversary of many Latin Counties falls on September 15th. This significant month celebrates the history, culture, and contributions of American citizens whose ancestors originated from Spain, Mexico, the Caribbean, and Central America.

The Hispanic population in the United States now stands at 57 million. This population makes Hispanic and Latino Americans the second largest ethic group in the United States. California has the largest population of Hispanic and Latino's in the United States which is estimated at 15 million.

FUN FACT:

Some of the instruments used in traditional Puerto Rican music originated with the Taino people. Most noteworthy is the güicharo, or güiro, a notched hollowed-out gourd, which was adapted from pre-Columbian days. The musical traditions of the Spanish and Africans can also be heard in Puerto Rico's music.

SEPTEMBER OBSERVANCES

Labor Dav September 3, 2018

Labor Day, the first Monday in September, is the result of the labor movement and is dedicated to the social and economic achievements of American workers. It constitutes a yearly national tribute to the contributions workers have made to the strength, prosperity, and wellbeing of our country.

National Grandparent's Day September 9, 2018

We love our grandparents for how they contribute to our lives in the present. But have you ever taken the time to learn about their past? Ask a grandparent to tell a few stories from years gone by. You'll learn something new and participate in one of the most valuable experiences our grandparents can give us—wisdom passed down through the ages. Plus, it will help you understand where they're coming from. Some of their entrenched views will be explained by learning about the environment in which they grew up.

Mexican Independence Day **September 16, 2018**

In 1810, Father Miguel Hidalgo of Dolores, Mexico was planning a revolt to free Mexico from Spanish rule. On September 15, 1810, at 11:00 p.m., Father Hidalgo rang his church bell to call his parishioners and rally them to fight off Spanish rule. He then made a speech to his congregation, and the fight for freedom began.

Today, Mexican people mark this very special holiday, by repeating the ringing of the bells at 11:00 p.m. on the 15th of September. It is followed by a day of celebrations on the 16th of September.

PARTICIPANT OF THE MONTH

Valerie Ortiz

Q: What did you want to be when you grew up?

A: I wanted to be a nurse. After a long career of being a nurse, I had to quit due to back issues. I had to give it all

Q: What's your favorite book or movie and why?

A: My favorite movie is The Fast and The Furious. I love all the action and mostly, the men.

Q: What have you not done that you still hope to achieve?

A: I want to go to Disney world but I have a fear of flying. My daughter and granddaughter always ask me to go with them, but I tell them that they would have to knock me out cold like they used to do to Mr. T on the television. If they can't do that, then no, I'm not going.
